## ABOUT US

We are your CRM, ERP and Accounting software experts. We take a product neutral, consultative approach in helping companies select, implement and successfully extend on demand CRM, ERP and Accounting solutions. Our overall goal is to be a very customer focused, long term partner, helping clients successfully grow and build profitable businesses.

### Product Neutral

We take a customer focused, unbiased, consultative approach in accessing and recommending on demand CRM, ERP and Accounting solutions. We will honestly highlight both the benefits and drawbacks of various solutions.

### Expertise

Our company has over 10 years of experience in business software consulting. Our staff is made up of CPA's, Business Process Engineers, Implementers, Integrators, Developers and Web Designers. We have helped 100's of companies in a wide variety of industries successfully select, implement and extend their CRM, ERP and Accounting solutions.

### Cost Savings

Competitive pricing on both the software and services. Our rates are very competitive compared to industry standards and also able to provide fixed price quotations. Let us help you realize your return on investment!

### Tailored Implementations

Our proven implementation methodology is tailored to each client’s specific requirements. We don't use a templated/guided implementation program, where you (the client) are primarily responsible for self implementing. Let our senior PLUS level consultants make the implementation EASY!

### Exceptional Customer Support

We are committed to successfully delivering CRM, ERP and Accounting solutions. To do this we have to provide strong customer support and ensure customer satisfaction.

## OUR VALUES

- To fully understand your business and the needs of your company.
- To always keep the clients best interest as our primary goal.
- Provide strong customer support.
- Become a trusted business partner.
